

Willoughby Park Real Estate Sale and Rental Sign policy

The sign placement policy for “For Rent” and “For Sale” signs at Willoughby Park is as follows:

A standard sign advertising the sale or rental of a unit may be placed in the front facing window of any home at Willoughby Park. In the event that your condo has no front facing window then you will be allowed to place one sign in the flower bed in front of your condo. To meet this exception, you must have your sign registered with the management office. You will not be allowed to place any additional signage on the grounds of the property.

Please keep in mind that this policy refers to signs advertising the sale or rental of a unit only. No other types of signage will be permitted on the grounds of Willoughby Park Condos. The Board of Directors has the right to refuse any sign that is not of standard size or type and they retain the right to change this policy in accordance with the bylaws at any time.

Thank you in advance for your cooperation.
