

## Window Maintenance Resources

### Replacement Window Grids

**The Gates HOA Rules & Regulations require** that the wooden dividers (grids) remain in the windows at all times and are to be painted white.

Though they are on the interior of the structure, they maintain the exterior architectural aesthetic integrity of the townhouses.

Grids that are broken beyond repair must be replaced at the homeowner's expense.

To order replacement grids, you will need to measure the width and height of the glass of the window into which the grid will be inserted. Take the measurements and one of your existing grids to:

Garris Evans Lumber Company, 701 West 14<sup>th</sup> St., Greenville, NC:

Call the Millwork Specialist in the Windows/Doors section of Garris Evans (252-754-1163) to set a time when you can go by to meet with the specialist and place your order for the replacement grids.

Replacement grids come with clips and will need to be assembled and painted.

(Extra clips can be ordered online by searching for plastic clips for window grids).
