“PETS. No pets, dogs, domestic cats, tropical fish, birds in cages, etc., shall be allowed to occupy the condominium units prior to approval, in writing, from the Board of Directors. Each condominium unit owner may have as an occupant one (1) dog or one (1) cat only, not to exceed thirty-five (35) pounds at maturity, and it shall be of such nature and disposition so that its female owner/occupant could carry the animal, if required to do so, in all interior common areas. It is understood and agreed the keeping of pets on the premises is a privilege, but not a right, and may be revoked by the Board of Directors upon thirty days’ written notice. All dogs and cats permitted on the premises shall be under leash when walked or exercised on the condominium grounds. No pet shall be permitted in the recreational areas. Owners shall immediately remove from the premises his or her pet animal when such emits excessive noise, such as in the case of barking or howling, or becomes a nuisance, such as by virtue of a physical attack on any person authorized access to the condominium property. Each condominium unit owner shall be responsible to remove any waste made by his or her pet animal, and shall be personally responsible for any costs incurred in the repair resulting from the pet’s damage. Upon the death or disposal of the first approved pet, any subsequent pet must first be approved in writing by the Board of Directors.”
