

Satellite Policy

Effective: January 2012 rev July 2023

All Requests need to be in writing and submitted to management company before installation.

The dish cannot be placed on any part of the building(s) which includes the roof and the fence.

Dish can be placed on a pole in the patio area. The pole must be placed out of eye sight and the dish cannot exceed 12 inches above the top of the patio fence.

All wires must be tucked in and blend with the buildings.

The homeowner is responsible for all damages caused by the dish/pole and will be responsible for the removal of such when service is terminated; or if any kind of maintenance requires dish/pole to be removed.
